

Stand parapluie

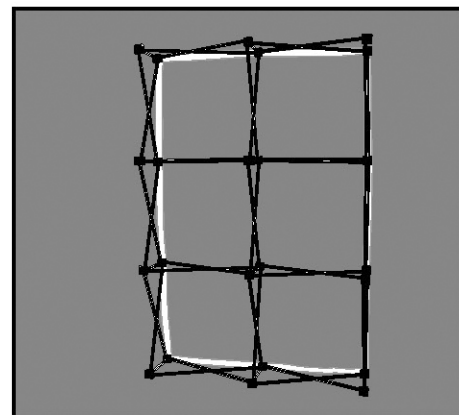

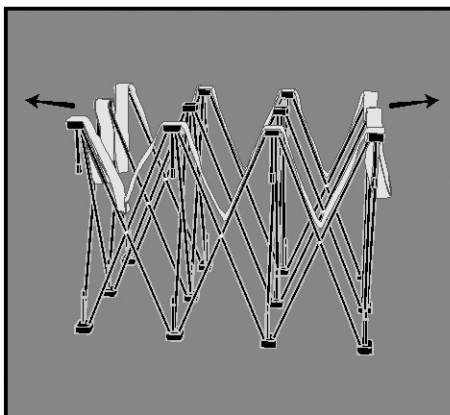

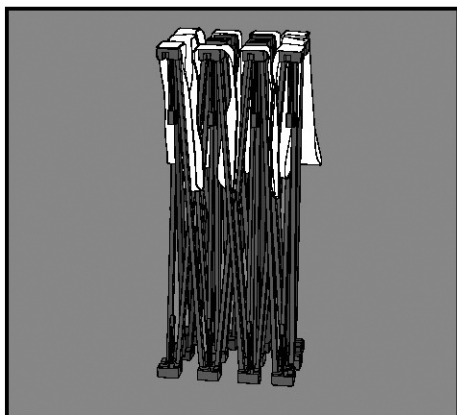

1) L'ensemble :

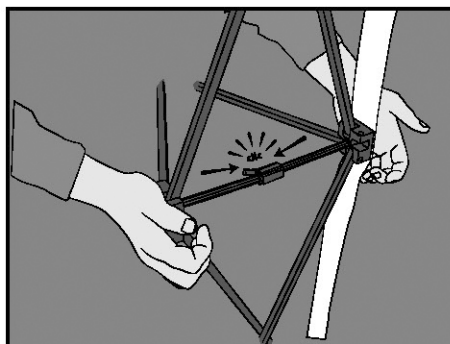

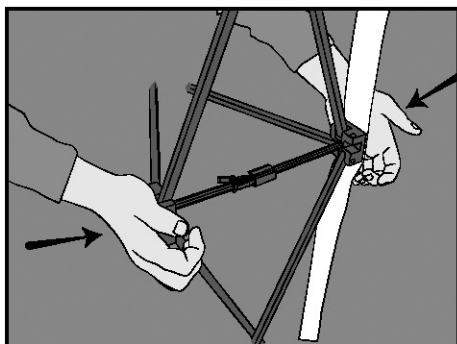

- ❶ Valise de transport
- ❷ Structure pliante
- ❸ Toile imprimée

2) Montage

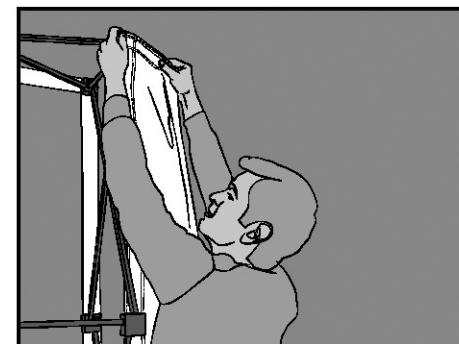

- Déballez l'ensemble et déployez la structure ❷

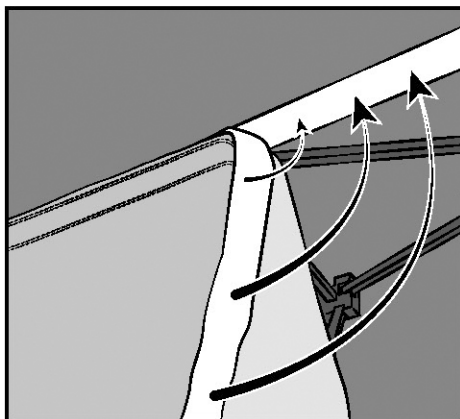

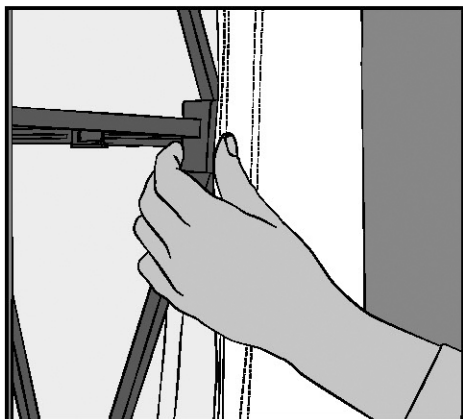

- Clipser les barres de connexion.

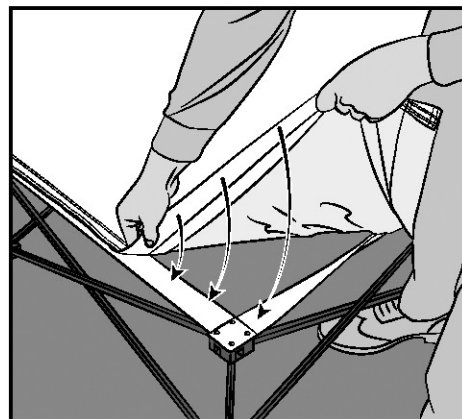

- Fixer la toile ❸ en l'accrochant avec les bandes velcro en commençant par le haut.

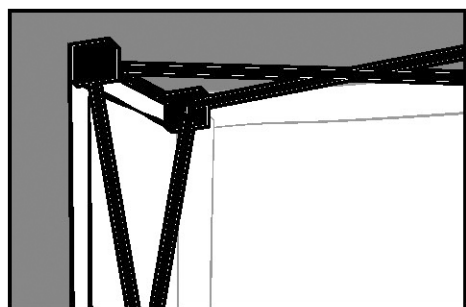

- Bien tendre la toile et l'accrocher sur les parties latérales.
- Poursuivre l'accrochage de la toile sur toute la partie haute de la structure. Fixer ensuite la toile sur la partie basse.

- Selon hauteur du stand, coucher la structure sur le sol pour faciliter l'opération.

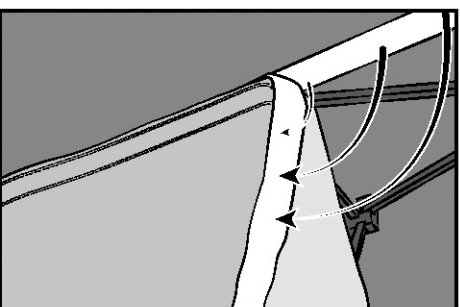

- Vérifier la tension de la toile.

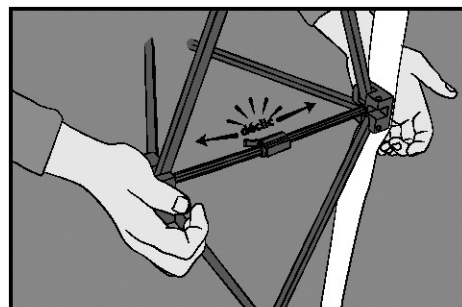

2) démontage

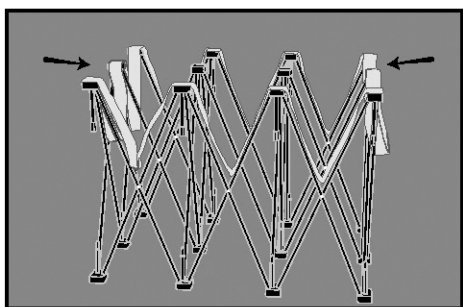

- Détacher la toile et la plier.

- Débloquer les barres en les déclipants (appuyer sur les 2 pattes).

- Replier la structure.

- Ranger l'ensemble dans la valise de transport.
